

MROO

# 10 REASONS WHY YOU SHOULD JOIN MROO

MROO protects pensions and enhances the retirement experience for OMERS retirees.

MROO is a not-for-profit membership organization governed by OMERS retirees for OMERS retirees.

- 1. You want to protect your pension.** You earned your pension and now you want a say in how it's invested and administered. MROO provides a voice for retirees with representation on both OMERS Boards and keeps you up-to-date on policy and changes to your OMERS pension.
- 2. You want comprehensive medical and dental insurance after retirement.** MROO offers various life and health plans through our program manager, Victor Canada. If you apply for the MROO health plan within 90 days of leaving another health insurance plan, you will be guaranteed acceptance on enrollment. What makes us different is our pricing; premiums don't increase due to age or health conditions, and we offer lifetime benefits.
- 3. You want other types of insurance coverage.** MROO offers home and car insurance coverage to its members at competitive rates through The Mitchell & Abbott Group. And don't forget to protect yourself and your trip with our Annual Travel Insurance also through Victor Canada.
- 4. You want other great benefits and offers.** Cellphone offers through Red Wireless, hearing health through HearingLife Canada, and eye health and eyeglasses through Specsavers Canada.
- 5. You want to stay on top of issues that concern retirees.** MROO communicates with its members via three print newsletters a year, free monthly webinars, e-blasts, in-person Spring Zone meetings, and a virtual All-Zone meeting every fall. We cover a variety of topics including, health, travel, housing, and the latest information regarding your retirement income options.
- 6. You want to join an organization with clout and history.** Since 1977, MROO has spoken on behalf of OMERS retirees and today provides services to over 36,000 members. MROO is the largest OMERS retiree organization, but also offers membership to other public sector employees not in the OMERS plan.

7. **You want to belong to an organization that makes a real difference.** We lobby to all levels of government on behalf of retirees. We play an active role in monitoring seniors' issues and driving real change in Ontario.

8. **You want to help future generations.** We offer annual student scholarships to relatives of MROO members and annual targeted scholarships to graduate students conducting research or pursuing a career that will improve the lives of older adults.

9. **You want to stay engaged in retirement.**

MROO offers many opportunities to give back. We have volunteers throughout Ontario who help with our Retirement Planning Seminars, OMERS meetings, and Annual Zone meetings. Get involved with MROO today; become an ambassador or Director in your Zone!

10. **You can join for only \$25.** This one-time fee is for life! And your partner/spouse can also join MROO for free. It's that easy.
